

INDUSTRIAL CATALOG ARM & DSP 處理器

TI INDUSTRIAL ARM AND DSP PROCESSOR

Sitara Processors
Single Processor Platform for Industrial Applications

Sitara Processors

- Scalable + Flexible
- Industrial-grade processors
- Single scalable platform unified by Processor SDK
- PRU-ICSS, DSP acceleration, 2D/3D and video acceleration
- Rich peripherals with security enablers
- Customer proven ease-of-use

Processor SDK

- Cutting-edge software
- Common Linux, Linux-RT and RTOS SDK for all Sitara processors
- LTS Linux brings quality, stability, easy migration
- Application-specific libraries and system demos eases customer's software development
