

## **PMP40355 Test Results**

### **1 GENERAL**

#### **1.1 Purpose**

The PMP40355 is designed for evaluating a non-isolation 13W Buck PD converter system using the IEEE 802.3at PoE interface and converter controller TPS23753A. The converter is capable of supporting the 13W maximum IEEE 802.3at power requirements with low BOM cost. It presents good efficiency, load regulation and related electrical performance.
